## CIA INTERNAL USE ONLY

1. [ ] Accompanied by [ ] OCI,<sup>25X1</sup>  
I talked with Representative John J. Rhodes (R., Ariz.), about his recent visit to China. I also briefed him on the current situation [ ] and on the status of certain employees who formerly worked for Agency proprietaries. See Memorandum for the Record. <sup>25X1</sup>
2. [ ] Left with L. James Kronfeld, Counsel,<sup>25X1</sup>  
House Government Operations Subcommittee on Government Information and Individual Rights, the Agency's responses to the supplemental questions following the Director's testimony of 5 March 1975 on the Agency's exemption on the Privacy Act.
3. [ ] Left in the office of Representative Bill<sup>25X1</sup>  
Archer (R., Texas) copies of an article concerning the Agency which a group of high school interns had requested of [ ] OTR, during<sup>25X1</sup>  
his briefing on CIA. The students left for home earlier in the day, but the material will be forwarded to them.
4. [ ] Left with the receptionist in the office of<sup>25X1</sup>  
Representative Anthony Toby Moffett (D., Conn.) for personal delivery to Mr. Moffett the Agency's reply to his letter requesting whether the Agency had any information concerning him.
5. [ ] from Charles<sup>25X1</sup>  
Snodgrass, House Appropriations Committee staff, the transcript of Tuesday, 28 May 1974 (morning and afternoon sessions) of the Director's testimony before the Defense Subcommittee, and material which was forwarded to Snodgrass on 10 April.
6. [ ] Called Jim Davidson, on the staff of the<sup>25X1</sup>  
Subcommittee on Intergovernmental Relations, Senate Government Operations Committee, and discussed his providing information concerning the existence of documents in 1948 delimiting responsibilities between the FBI and CIA. See Memorandum for the Record.

5. [ ] Accompanied Jack Iams, Comptroller, 25X1  
to a briefing session on the FY 76 budget for Guy McConnell, Senate  
Appropriations Committee staff. The session went very well.  
(See Memorandum for the Record for items which seemed to be of  
particular interest.)

During the session, Jim Calloway, Senate Appropriations Committee  
staff, dropped in and indicated that the Director's meeting with the  
Intelligence Operations Subcommittee had been moved from 10:00 to  
10:30 a.m. [ ] was advised. McConnell also advised 25X1  
that they did not expect the session to go beyond 12:00 thereby not interfering  
with the Director's 12:30 appointment.

6. [ ] Trish Pearson, Caseworker, in the office 25X1  
of Representative John Rousselot (R., Calif.), called to determine if the  
news items concerning the Agency's efforts for recovery at sea in any way  
involved a sea plane owned by Howard Hughes. I referred her to the recent  
news items concerning the latter subject which apparently cleared up her  
confusion.

7. [ ] I talked to Wilma Lehman on the Planning 25X1  
Staff of the Civil Service Commission who is frantically trying to rally the  
Executive Branch in opposing H. R. 1674. She kicked off with a very emotional  
appeal, "Won't you please get on the bandwagon so that we can defeat this  
bill." She urged that we get a report to the committee as soon as possible  
expressing our opposition to the bill on the grounds that it would interfere  
with effective personnel management. I told her that we had some special  
problems with the bill because of our statutory authorities and unique mission  
that we would be addressing in our report to the committee. She said that  
she understood this, but that she hoped that we could argue against the bill  
on more general personnel management grounds as well.

8. [ ] I talked to Hilda Schriber at OMB who has 25X1  
the action on H. R. 1674. [ ] had already sent over to her our proposed  
comments to the committee. She said she had problems with our draft because  
we nowhere state our opposition to H. R. 1674 in general terms, and that she  
would not approve the report unless we did insert some statement expressing  
opposition to the bill on the grounds that it would seriously undermine personnel  
management. She said she completely understands and accepts our parochial  
arguments against the bill and that she has no objections to our asking for an  
exemption. However, she was adamant in her insistence that we expressly  
state our opposition to the bill. I told her I would get back to her, and after  
reviewing language with Mr. Cary, I phoned her back and read a revised  
paragraph to her. This met her objections and she approved the report.

5. [ ] Nelson Hammell, in the office of Representative Joe Moakley (D., Mass.), called and asked if we could let him know the status of [ ] 25X1

[ ] 25X1  
The above information was passed on to Hammell and it was suggested that he contact the Department of State. No further action is necessary.

6. [ ] Received a call from Jan Alberghini, Staff Assistant, Senate Subcommittee on Administrative Practice and Procedure, Senate Judiciary Committee, who said the Subcommittee was arranging to speak with various Government agency representatives on the problems they were encountering with the FOI Act and asked if an Agency representative(s) could be named to do this. I told Ms. Alberghini I would tell [ ] of our office about this and I was sure he would get back to her. 25X1

7. [ ] Received a call from Chris McGurk, ACS, who had received an inquiry from Representative Robert E. Bauman (R., Md.) at the suggestion of CIA as to whether Mirko Frank Jurny had in any way been connected with the Army when he was arrested and imprisoned by the Czechs for allegedly spying for the U.S. Government. She asked for some background in the case and stated their records convincingly showed that Jurny had been on an assignment for the Army when he was arrested. He had performed the services voluntarily and without compensation. She stated that for this reason the Army would merely acknowledge his past association but would not offer any remuneration, unless so requested by him. 25X1

8. [ ] Called Jim Davidson, Subcommittee on Governmental Relations, Senate Government Operations Committee, and informed him that a careful detailed check of certain records which had been long since retired revealed a classified package containing what undoubtedly is the "delimitation agreement" in 1948 between the FBI and CIA which he has been seeking for the past two months. I informed him that the material is being reviewed for downgrading and I would advise him later as to the release of the material to his Subcommittee. 25X1
